

ABOUT FIRST

FIRST® (For Inspiration and Recognition of Science and Technology) is a robotics community that prepares young people for the future through a suite of inclusive, team-based robotics programs for students PreK-12th Grade.

Alumni of FIRST programs gain access to exclusive scholarships, internships, and other opportunities to create connections and open pathways to a wide variety of careers.

Checks made to:
Broncho Robotics Boosters Inc

*Sponsors providing non-monetary donations to the team (such as food, supplies, or materials) will be categorized according to the value of the donation.

**Size of logo on robot and t-shirt will be scaled according to the size of the donation and dependent on available space.

MORE THAN ROBOTS

SHOW YOUR SUPPORT

FRC teams are expected to raise their own funds in order to build their robots and attend competitions. From registration fees to materials to travel, our season is quite expensive. Across the season, the team will spend \$10,000 or more to provide life-changing experiences for our students.

As a sponsor for our team, your organization will receive recognition from our team and the robotics community in Indiana. More so, your support will solidify STEM education and career preparation for an amazing group of students. FRC competitions experiences students can't find anywhere else.

COMMUNITY OUTREACH

Beyond impacting our members, Broncho Robotics strives to inspire our community. Each year we demonstrate our robots at Imagination Station, Sunnyside Intermediate, and more.

At these events, hundreds of people can be exposed to the joys of robotics and STEM. Through these events, we aspire to spark the next generation of engineers!

COLLEGE & CAREERS

Here's how many students reported improvements in:

Problem solving - 94%
Communication - 90%
Confidence - 92%
Teamwork - 99%

SCHOLARSHIPS

200+ Providers
\$80 Million

81%

of FIRST alumni
declared a
major in
STEM

SPONSOR LEVELS*
